Full Stack Developer | Java | Python | MERN |
Ahmedabad, Gujarat, India

Summary

I have completed my Bachelor's degree in Computer Engineering from SAL Institute of Technology and Engineering Research, affiliated with Gujarat Technological University. I am passionate about software development and continuously strive to learn new technologies and improve my technical skills. Throughout my academic journey, I actively participated in hackathons, coding competitions, and real-world projects, which strengthened my problem-solving and programming abilities. I have hands-on experience in web development, full-stack application development, databases, and modern software technologies. I enjoy collaborating with teams, sharing knowledge, and helping others learn software development concepts. I am eager to apply my skills in a professional environment, contribute to innovative projects, and grow as a software developer.

Experience

ThitalInfo

Software Developer

May 2026 - Present (3 months)

Ahmedabad

Sonoma Infotech Pvt. Ltd.

Full Stack Developer

January 2026 - April 2026 (4 months)

Ahmedabad

CloudThat

Microsoft Specialist

July 2025 - July 2025 (1 month)

Bengaluru, Karnataka, India

Gained hands-on exposure to Microsoft Azure services, including AI, Data Analytics, Infrastructure solutions, and Power BI for data visualization
